

No progress on developing new things for the site or exploring other options since January. I am not teaching summer term, and can dedicate time to developing a new website during June and July.

The meeting agenda is now on the website under Quarterly Meetings/Agenda. The January reports are now in Quarterly Meetings/Board Reports, and January's minutes can be found under Quarterly Meetings, along with an image from the January meeting.

Some things we have discussed in the past for website enhancement:

- Interactivity (so that members could upload their own pictures or reports)
- A membership portal (once we decide on how to structure it)
- Links to other sites (which we have now, but perhaps could be enhanced)
- Easier navigation

If anyone has any ideas or requests, please let me know—what would you like to see in the website?

Respectfully submitted,

Marcy Galbreath
